

# Parent's Morning Out Program

Bethany UMC Parent's Morning Out Program employs teachers who are caring and loving people who will nurture your children. They are dedicated to teaching your children in what ever age group that they may be in. There are two teachers per class room. Since we have opened we have started a drop off - pick up system for our parent's convenience. When you enroll your child there is registration fee and one month tuition due at the time of registration. This will guarantee that your child has a spot in his/her age group.
